

3-Day Digital Audit

*The goal of this exercise is to observe your digital behavior with radical curiosity, without judgment. For the next three days (ideally two weekdays and one weekend day), log each time you use a device meaningfully. Focus on identifying **what** app you use, **when** you do it, and, most importantly, **why** (the emotion or urge that triggered it).*

Day 1:

[illegible]

Day 2:

[illegible]

Day 3:

[illegible]
